### STATEMENT

**Stephanie A. Young, President**

**Rosedale Park Improvement Association**

**13<sup>th</sup> Congressional District Precinct Delegate 324**

As the mother of two African-American twenty-something sons, I was deeply impacted by the video of Mr. George Floyd's public murder at the hands (knee) of a white police officer with a history of abuse. I stand against systemic, overt, hidden racism and police brutality in any form. **Black Lives Matter.** My voice and those of residents in Rosedale Park will not be silenced. Change must happen now! Residents of Grandmont Rosedale are invited to join in a solidarity event this Friday, June 5<sup>th</sup> at 9:40pm. We are lighting candles and standing at the end of our driveways denouncing the unjust death of Mr. George Floyd and so many others for **8 minutes and 46 seconds**, the time it took to end Mr. Floyd's life. Please join us as we show our support for racial justice and equality. – *Stephanie A. Young*
